Company Profile

SAS Aluminium & Glass is a division of Bin Dhaen Holding.

Established in the year 1998 to cater the booming demand of aluminium apertures and services including aluminium fabrication, installation, glazing, aluminium composite cladding, column cladding etc., in Dubai & UAE. The company has grown to become a market leader with state of the art manufacturing facility in Jebel Ali Industrial Area, Dubai, and UAE delivering thousands of square meters of apertures from few hundred thousand tons of aluminium every year.

Our ability to deliver innovative & cost-effective products, consistent quality, committed deliveries and reliable after sales services has not only brought in accolades but also numerous referrals which have multiplied the growth rate year after year.

A division of Bin Dhaen Holding, established in 1996 while the construction sector in the UAE was still in a fledgling stage. The company enjoyed explosive growth during the construction boom in UAE standing boulder to boulder with government of UAE in creating the world class structures to become one of the most reputed civil contracting companies in the UAE.

DUBAI ECONOMY

Dear Trader,

Kindly take into consideration the following instructions

عزيزي التاجر:

نرجو أخذ التعليمات التالية بعين الاعتبار

- Do not practice a business activity without a license or permit.
- Do not change the license location or relocate to another site without getting DED approval.
- Make sure of having a trade name compliant to the name mentioned in the license.
- Do not place sales, discounts or special offers without permission.
- Do not make any amendments or changes in the license information unless you request DED approval.
- Make sure of putting down prices on goods and commodities.
- Make sure of putting down the date of production and expiry.
- The consumer has the right to receive an invoice.
- Announce the sale and purchase policy to the customer using suitable media (noting the replacement, repair and recovery policy)
- Do not promote or sell or offer any counterfeited or fake goods.
- Make sure of registering your trade mark at the Ministry of Economy for protection.
- Report to the Department of Economic Development incidents regarding any counterfeited goods in the local market.
- In the case of warehouse or store related to the licenses, kindly visit Permits section in our branches (Business Village, AlTowar or Dubai Mall) to get the necessary permission.
- According to the decision no. 323 of 2012 issued by His Excellency the Minister of Labor all enterprises that employ UAE and GCC nationals have up to a maximum period of three months to register them with the Ministry of Labor.

- عدم مزاولة النشاط في موقع بدون ترخيص أو تصريح.
- عدم القيام بتغيير موقع الترخيص والانتقال إلى موقع آخر دون الحصول على موافقة الدائرة.
- ضرورة أن يكون الاسم التجاري المدون على اللافتة مطابق للاسم المدون بالرخصة.
- عدم إجراء التنزيلات أو التعديلات أو العروض الخاصة بدون تصريح.
- عدم إجراء أي تعديل أو تغيير بيانات الترخيص إلا بعد الرجوع للدائرة.
- الالتزام بكتابة الأسعار على السلع والبضائع.
- الالتزام بكتابة تاريخ الإنتاج والانتهاء على السلع.
- للمستهلك الحق في الحصول على فاتورة الشراء.
- الإعلان عن سياسة البيع للمستهلك عبر وسيلة إعلان مناسبة شاملة (لعملية الاسترجاع أو الاستبدال أو الإصلاح للسلع).
- عدم القيام بالترويج أو البيع أو العرض لأي بضائع مقلدة أو مغشوشة.
- الحرص على تسجيل العلامة التجارية بوزارة الاقتصاد بهدف حمايتها.
- إبلاغ الدائرة في حالة وجود أي منتج أو بضائع مقلدة في السوق المحلي.
- في حال وجود مخزن أو مستودع تابع للرخصة فيرجى التكرم بزيارة قسم التصاريح في فرع قرية الأعمال أو الطوار أو دبي مول للحصول على التصريح اللازم.
- بناء على قرار معالي وزير العمل رقم 323 لعام 2012، على جميع المنشآت التي توظف مواطنين من دولة الإمارات و دول مجلس التعاون أن تقوم بتسجيلهم لدى وزارة العمل خلال مدة أقصاها ثلاثة شهور

SAS Aluminium and Glass LLC is committed to achieve a sustained, profitable growth by developing and delivering quality products in the field of architectural aluminium and glazing works that consistently satisfy the needs and expectations of our clients. We also ensure that our products are fully complied with local and relevant International statutory and regulatory requirements. We are committed to achieve the utmost customer satisfaction and to build a constructive relationship with our clients and suppliers and at the same time, enhance the competency of our employees through hard work and determination in an atmosphere conducive to providing the best results. We follow the following procedures:

1. Planning of the Projects.
2. Quality Objectives and Planning.
3. Quality Records.
4. Required Internal Communication.
5. Suitable Purchasing Process.
6. Control of Production Activities.

Concept of integrated quality management system is adopted and all the documents together defines the complete system for the company. The various processes involved in the operation of the company and their sequence and interaction are as defined in a flow chart and quality plan. All the processes are controlled by documented procedures. Information to support the processes is provided by the management. Effectiveness of the processes are evaluated based upon the information available from the quality management system and measures are taken for improvements.

QUALITY POLICY

SAS Aluminium and Glass Company recognize quality as an essential element that provides the company with its continued success within its Architectural Aluminium Façade Industry. Consequently it is the SAS policy to provide our clients with products and services which fully meet their specified requirements and expectation and comply with relevant regulation codes and standards.

Policy Implemented in all areas of Operations by:

- Ensuring a clear understanding of our client requirements
- Providing the resources to achieve the quality objectives.
- Study and understand the current and future needs and expectations of consumers of our products constantly.
- Guarantee the delivery of products in accordance with the relevant requirements.
- Reduction in Non-Conformities as a result of good planning and manufacturing practices, procedures are planned around the prevention of defects and where non conformities do occur, it is our objective to provide a fast efficient response to correct the non-conformity and prevent recurrence

SAS priority is to achieve the highest standards of performance throughout its business operations and in the dealings with customers and suppliers. This quality policy supports these objectives and is understood, implemented and maintained at all levels within the company.

Occupational Health Safety & Environment Policy

- SAS Company is determined for providing safe and healthy working conditions for its employees and will make every possible effort to prevent accident and preserve the health of its employees. The Company is committed to:
- Minimize adverse impact on environment and risk to the community that arises due to its operation and during transport and distribution of goods.
- Utilize energy resources in a responsible and efficient manner.
- Comply with all statutory requirements concerning health safety and environment.
- Implement an effective safety program within their respective areas by providing a continuing effort to create and maintain an ideal working environment. Lead and motivate employees to efficiently produce the highest quality of performance while avoiding occupational accidents and illness and damage to property.

The safety applies to all employees of SAS Aluminium and Glass LLC, regardless of position within the company, the safety rules contained herein to all staff and anyone who is on company project site. Every employee is expected to comply with the safety policy as well as OSHA Health and Safety standards.

Implementation:

1. Management commitment to safety.
2. Routine tool box safety meetings in the factory and in the project site.
3. Effective job training for all categories at employees.
4. Job Hazard analysis provided to all employees.

SAS Aluminium and Glass LLC, provides warranty to Aluminium Glazing systems for a period of ___ (__) years from the Handing Over date _____ as agreed.

We hereby guarantee that glazing procedure varies in accordance with the approved specification and details based on the standard installation procedures using quality materials accepted by the Engineers and Consultants that will have a satisfactory performance under normal conditions of use.

Warranty will be void if rectification in any manner was not in the conformity with the maintenance procedures stated in the Maintenance Manual.

We do not assume liability for minor and major damages as result of natural events such as but not limited to calamities fire, war and due to abuse, wilful damage and accident.

This guarantee is applicable for replacement or rectification of any defects of counter items in our works whether it is due to material failure or bad workmanship. Whereas, this guarantee excludes defects due to misuse of the product.

Thanking you and assuring you of our best attention and services at all times.

Yours faithfully,
Renato S. Panotes
